Subject: FW: Gorge Follow Up Information

Hi Mary Beth. Nick Moskos may have already reached out to you about this but after some discussion, we think it would be better if Jacobs reached out directly to Dominion Energy to discuss the abandoned pipe under the Gorge Dam pool. This is probably getting too far from our area of expertise. The contact information is below.

Also, we would like to be involved in the August 24th site visit with the USACOE for the VE study. Did you mention that there will also be a tele-meeting prior to the site visit. If so, we would also like to be involved in that.

Thanks and have a great weekend.

Jonathon E Blackwell Jonathon.E.Blackwell@dominionenergy.com
